QUESTIONS

(potential discussion/conversation questions to use in your GGs this week)

1. When can you think of a time that you were sorrowful about something? How was the love of Jesus able to help you deal with that sorrow and turn it into joy?
2. How should we respond, as Christians, to a world that rejoices in the death of the only one that can save them?
3. Jesus told the disciples that he would go away and return to them. How should we live knowing that Jesus has went to be with the Father, but also knowing He has given us a promise that He would be back to get us when He returns?
4. What are some things in your life that tend to take away from your joy in Christ? How might you fight against allowing things to steal your joy from you?
5. Tony Spoke about how prayerlessness leads to joylessness. How have you seen this to be true?
6. What are some concrete ways that you can be better and be more intentional about being in communion with God in prayer?
