**QUESTIONS**

*(potential discussion/conversation questions to use in your GGs this week)*

- 1) 11:1-6 encourages us to live by faith. Pastor Tony said, “We must not let the uncertainties keep us from being bold in faith.” What steps are you taking during these uncertain times to live by faith? How can we still participate in gospel ministry even in the midst of this isolation?
- 2) 11:7-9 talk about enjoying the pleasures of life. Looking back on this past week, what are things you can take pleasure in and rejoice about? How can you implement this type of thoughtful rejoicing in the Lord in your life in the upcoming week?
- 3) Ecclesiastes ends with what Solomon considers to be the whole duty of life, to “Fear God and keep his commandments”. Why is this a fitting summary of the life of a believer? How does living this way give eternal significance to everything?
