QUESTIONS

(potential discussion/conversation questions to use in your GGs this week)

1. In verse 1:24, Paul says that he works with Corinthians for their joy.
 - a) As a GG, give some suggestions of actions others could take that would help stir your joy in Christ.
 - b) How could you daily/regularly assess whether your personal joy is in Christ?
 - c) What practices could put into place (or do you already have) that would help you work towards your joy in Christ?
2. Paul was not afraid to have hard conversations with the Corinthians, but he also understood how to exercise wisdom in these conversations.
 - a) How can you know when to have a hard conversation and when not to?
 - b) What should be our motivation and goal when having hard conversations with other believers?
3. Pastor Tony pointed out that Paul could have “cancelled” the Corinthian church because of the pain and anguish they caused him, but he did not. Why is the modern idea of “cancel culture” incompatible with the biblical idea of church and Christian fellowship?
